Eduardo driving the ball from midfield all the way until he is able to score, this was his first game as a ECNL player.	https://youtu.be/OX8w5eJpfXg?si=yz8GA6y-K3lt7-u4

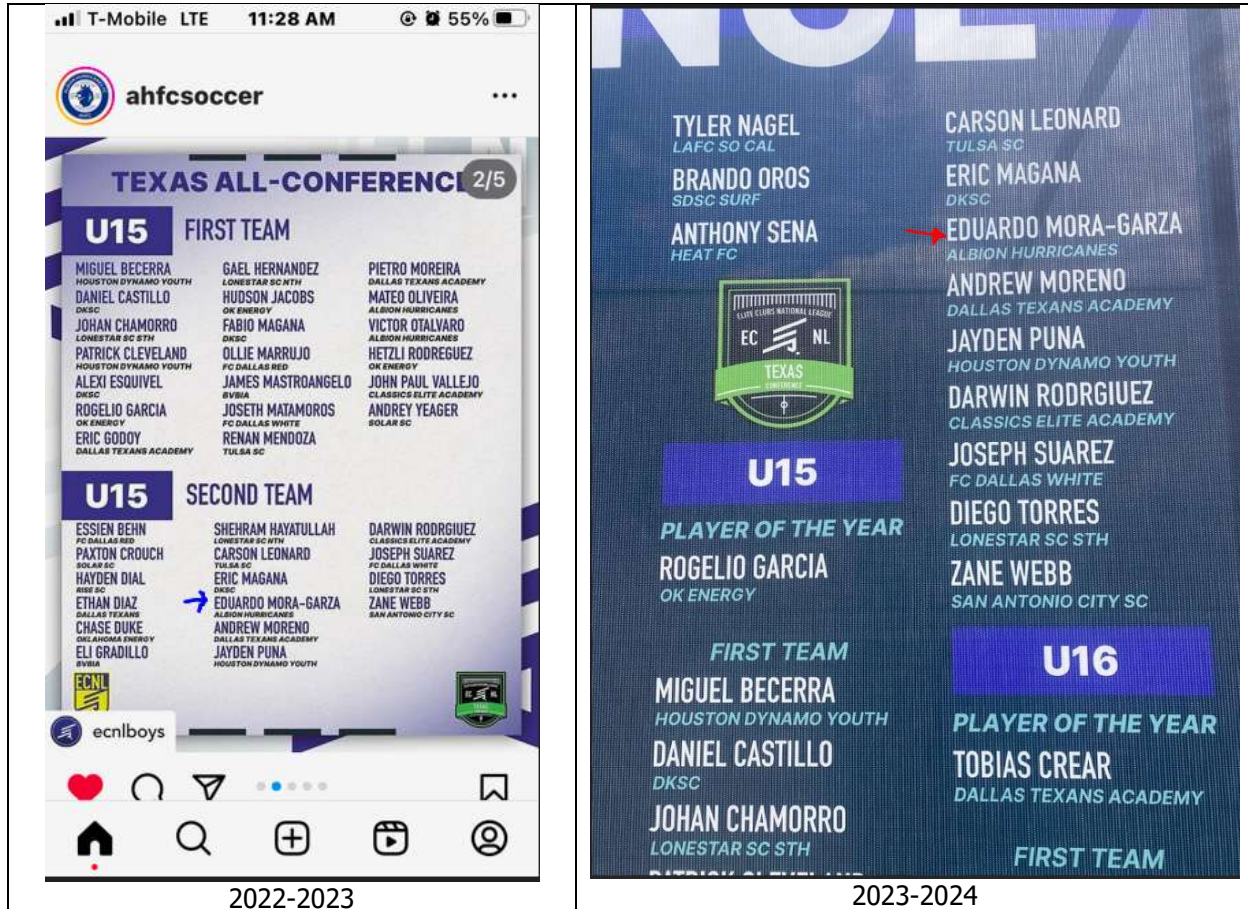

Biography:

Started playing since I was 4 years old, and I have been playing since that time without stopping, every single year I have been enrolled in teams.

My natural foot or more dominant is the left, but I have ability to use both feet on shots, passes, dribbling, however.

I like to read the field, the positions, the movements, I am a player that moves the ball and reads the playing, I believe in creating attacking opportunities bring more opportunities to score.

I have been blessed in being named within the first and second team in the ECNL Texas conferences in two consecutive seasons 2022-2023, and 2023-2024 by the ECNL National league.

I started playing soccer when I was 4 years old in a small local club in Katy TX, I love this sport. I was born in the United States of America, and I have dual citizenship (US Citizen & Mexico)

I have been playing soccer since I was 4 years old without stopping for any single year, and I have developed abilities during all these years.

I have attended several events, where I have had the opportunity to meet professional players as well

My positions that I play are, Stricker, attacking midfielder, right forward and left forward, I have the ability to cross balls from either side, and also to filter balls to the forwards if I am in the midfield. I have been blessed that in some seasons I have been the top scorer of the team.

I am in the initial lineup of my team and one of my strategies is always moving and making spaces and creating attacking opportunities.

Achievements:

In several tryouts I was selected between the 38 kids out of 600 in the "Sueño Aguila" tryout in Los Angeles, CA.

We have also attended several national playoffs in the United States, 3 of them in the last 5 years. Some abilities are, good control with ball with both legs, juggling the ball more than 1,500 times without losing control (see videos in YouTube) and I am a team player, I like to generate plays rather than being the only one who wants to score.

I can read the position of my teammates, and the opponents, and create and move to spaces, space means time, when you have time, you can create more things.

My previous soccer club was Albion Hurricanes ECNL, and I decided to move to a semi pro league UPSL under the invitation from Matias Almeyda & Sebastian Salazar to join MAFC FC Academy 1st team.
